Rosa Aurora Borealis™

Rosa 'Oscar Peterson'

Hemerocallis 'La Stéphanoise'

The **Aurora Borealis™** rose, the third addition to Vineland's 49th Parallel Collection is finally release in **2021**. The hardy rose flower colour is sunset pink and blooms in flushes throughout the season with a light fragrance. Foliage is dark green and glossy. It is resistant to black spot and powdery mildew. <http://49throses.com>

Named after the Canadian pianist and jazz composer Oscar Peterson, the only pure white flower rose coming from the Canadian Artists Series is always a winner. In 2020, the rose won gold in the Nyon Switzerland international rose trials. Upright in habit, repeat bloomer, with clean glossy foliage, a must in your garden.

The daylily **La Stéphanoise**, was hybridized and named in honor of the citizens of the municipality of St-Etienne-des-Gres in Quebec. The hemerocallis has an abundant and fragrant flowering, with highly showy flowers. It blooms between the end of July and September and has a beautiful impact. The shoot height is 70 cm (27") and the flower is dark pink with yellow fringe.
